

## The WOODS OF TROY

Nestled in the edge of the Kettle Moraine, located in the northwest corner of the Town of Troy about 8 miles west of East Troy, 6 miles south of Eagle and 10 miles north of Elkhorn, captured between Bluff Road to the North and Little Prairie Road to the South.

Only two lots remain in this prestigious old-growth hardwood forest. Hundreds of Oaks, Maples, Hickories, Cherry and Pine trees cover this beautiful property.

Rolling topography allows several ideal building sites on either lot #1 or lot #5 with full walk-out basement possibilities and exposures to the south and west exist on both lots.

Minimal Restrictions apply, contact us for more information.
